# TODAYS MEETING W/ JK & CAROL

---

Cannot reach out to Brito

- Waiting on what we are allowed to tell Brito

Asking Student Senate for a month extension on May 31<sup>st</sup> deadline

- Not a 100% possibility, but it can be possible

On board w/ us becoming a club

- For non-affiliation - we need to be absorbed to a department
  - Athletics? - I have connection

They are willing to take price down for skatepark

- \$20,000 to raise instead of \$37,000

# MOVING FORWARD...

---

I will reach out to my connection in athletics

- Will talk to future Skate Club leadership before reaching out though

## MOBILIZE FOR SKATESHOPS

- Assign people to go visit skateshops during their hours of operation/weekends/whenever they can
  - Do we bring them materials?
  - PR/Outreach will handle this - unless someone wants to

Every person is to raise \$500

- \$10,500 if people achieve this
  - Then it is up to skateshops and bigger donors

## SCRIPTS / COPY & PASTE'S

---

- “Hey \_\_\_\_\_, hope you’re doing well. I’m part of a group on my campus trying to get a skatepark. Right now we’re fundraising for it and I just wanted to reach out to see if you’re interested in donating and support this project.”
- INSERT SKATEPARK PLEDGE CALL SCRIPT

## FOR BIGGER DONATIONS - “PLEDGING”

---

*If people want to make big donations moving forward but worry about their funds not being used effectively - they can just pledge to donate.*

Asking someone for a large sum - seeing what they would be willing to donate - **all that is needed to pledge:**

- Text saying that they pledge to donate \$X,XXX

**\$5,000/week**

**\$20,000** needed - 4 full weeks left of school.

# Thank you!
